VOTE ON BOND ISSUE TO REFUND 1915 DEBT COMING IN SEPTEMBER

Two steps preliminary to calling a bond issue in September to refinance the $400,000 1915 bond act debt were taken by the city council last night.

ted a general obligation bond in the approximate amount of not less than $400,000, with interest specified at 4 per cent.

2. To give Stone & Youngberg the prior right to purchase the bonds at par on the basis of 3½ per cent per annum interest within 10 days after notice from the council that the bonds are ready for delivery, the sale to be private without public notification for bidding.

3. To pay Stone & Youngberg $500 for services in the event the bonds fail to carry or in the event that the firm should not purchase the bonds.

4. To compensate the District Reorganization Service Company, as exclusive fiscal agent for Redwood City, an amount equal to 1¾ per cent of the par value of all special assessment bonds for its services in buying up the outstanding securities.

5. To pay out-of-pocket expenses incurred by either firm and the cost of securing a legal opinion on the bonds from Orrick, Palmer & Dahlquist.

6. To meet the expenses of a test in the supreme court of the validity of the bonds under the new financing plan.

ELECTION IN SEPTEMBER

City Attorney Albert Mansfield suggested holding the bond election around September 17, but Councilmen Louis Christensen and James Eva believed it should be held about September 3.

Both dates are beyond the period on which the 1935-36 city tax rate must be set, so that the council will be forced to place a special levy of about 30 cents in the new tax rate to take care of interest only on the outstanding special assessments.

If the bonds are voted, up to 20 cents of this special levy will be eliminated from the tax rate The new bonds will require about 7 cents of the remaining 10 cents of the 30-cent special levy for interest and redemption.

'GETTING NOWHERE'

Youngberg, in convincing the council of the wisdom of calling the bond election, pointed out that the city in levying the 30-cent yearly special rate to meet interest was doing nothing to retire the principal.

The interest rate on the 1915 bonds, too, he pointed out, is 7 per cent, while the general obligation bond will probably draw only 3½ per cent.

In approving Youngberg's plan, several members of the council, including Councilmen Eva, Evans Fletcher and Robert Jones, insisted on the board declaring a policy to proceed with foreclosures on properties on which defaults have occurred in order to reimburse the property owners for the money put into the general obligation bonds to pay off the debt.

Attorney Hans Jepsen of Redwood City similarly warned the council to force non-paying taxpayers to pay up their improvement bills or to foreclose on them, or, he said, bond support will be lacking.

Jepsen said he believed the city

BOARD SEEKS EARLY VOTE OVER ANNEX

Kellogg Will Forward PWA Application In Few Days

Application for PWA funds for the proposed $181,000 county courthouse annex is expected to be made immediately, it was reported today, after the board had asked County Executive Walter Kellogg to speed the project.

Kellogg informed Chairman Manuel Francis that some delay in preparation of the plans has been met because no architect had yet been appointed. Capt. E. L. Norberg of Burlingame was understood to be at work on the plans.

Supervisor John W. Poole, Redwood City, protested apparent delays, and said he believed the board should set the election for an early date because of the $81,000 free gift offered by the PWA.

SECURE NEVADA LICENSE

Elopement of W. C. Carswell of Redwood City and Miss Evelyn Marie Cole of San Mateo to Munden, Nev., over the week-end was revealed here Monday with receipt of word that a marriage license had been issued to the couple there Friday.

FLOWER SHOW 'MUST GO ON,' DAVIS AVERS

Possible Money Lack Not to Deter Group Handling Festival

Spurred on to greater efforts than ever by the fact the $5000 pledged by the supervisors may not be forthcoming, the executive committee in charge of San Mateo county's first annual flower festival set for next October 10-13 laid plans last night to proceed with the show whether the money is forthcoming or not, George J. Davis, president, said today.

However, it is believed a provision of the political code relating to expenditure of county funds for advertising and exploiting purposes will allow the supervisors to make good on their pledge in spite of the fact Governor Merriam pocket vetoed Assembly Bill 1093 extending a statute to that effect.

If the pledge is not made, however, Davis said, attempts will be made to secure funds elsewhere.

At last night's meeting a budget was adopted, details of which will be revealed Friday night at a meeting of the general committee. At that time a definite name for the festival will be chosen, and plans made for a queen contest. Suggestions for names are wanted by the committee, according to Davis.

Announcement of the appointment of a manager for the show is expected to be made within a few days, according to Davis.

In the meantime, circulars are being sent asking San Mateo county's 200-odd organizations to send representatives to Friday night's meeting, which will be held at 8 o'clock in the San Mateo city hall.

Engineer Tells Why Bid Made For Ice Machine

An explanation of why the contract for installing ice machinery at Community Hospital was awarded the Cyclops Iron Works was given today by Purchasing Agent Stanley Kelly and Hospital Engineer J. J. McGorry, in answer to a complaint lodged with the supervisors by four other firms. The four charged that the Cyclops bid was the highest, yet was accepted.

"While it would appear that the Cyclops Iron Works bid was high, considering the type of plant they propose to install and the necessary equipment they will furnish, I would say their estimate is very conservative," McGorry said in a letter to Kelly.

"If the board can see its way clear to accept the Cyclops bid, I can assure you we will have a plant here second to none," McGorry explained. He declared the other contractors "cut the corners" in tabulating their equipment.

The Cyclops bid, McGorry revealed, was $13,996. McGorry also recommended that $1200 be spent for a new building to house the plant.

Franchise Tax Offer Of Utility Rejected

SAN MATEO, July 24—Conferring with Mayor Simmen, City Manager Wilsey and members of the San Mateo city council, a committee from the Pacific Gas and Electric Company last night requested a franchise permit in exchange for a 2 per cent tax payment on the gross business done in the city.

The request was rejected and the whole situation of Pacific Gas and Electric Company and water service, over which there has been considerable complaint, was referred to a citizens' committee which will meet tomorrow night to go over the situation with a view toward municipal distribution.

Du Pont Will Build South S. F. Factory

Early construction of a paint and varnish factory in South San Francisco is anticipated by the E. I. Du Pont de Nemours and Company, the Associated Press reported today from Wilmington, Del., where articles were filed.

The plant will be located on Linden avenue and the Southern Pacific right-of-way.

Special Taxes Face Scrutiny If Power Held

Directors to Be Called Before Supervisors For Hearings

Examination of all special district budgets in order to reduce their size, if possible, will be made by the board of supervisors if the power to do so exists, the board decided Monday.

Supervisor Albert Witt Jr., Colma, asked the board to instruct District Attorney Gilbert Ferrell to give a ruling on this question.

Witt said that efforts of the board to reduce the tax rate cannot be materially successful as long as the many special districts, such as fire, water and light, are allowed to continue to request the same sums year by year.

Sums requested of the board today by special districts included $9,025 for the Three Cities Mosquito Abatement District at San Mateo; $1500 by the county harbor commission; $1964 by the Millbrae Fire Protection District; $833.75 plus 5% for the Half Moon Bay Sanitary District, and $10,000 for the recreation commission for land purchases, plus $5,000 for improvements.

Witt's plan, if Ferrell rules that the board has the power, would call for these various boards to come before the board and justify their requests. Efforts to reduce the budgets would be made.

Usual procedure at present is for the district boards to file a request and for the county board to "refer the matter to the auditor" without taking formal cognizance of the needs.

Substantial tax savings are seen possible by Witt if the board has the power to review the budgets.

Club Sees Fair Pictures, Hears Talk on Sewer

Problems encountered in constructing the $141,000 Burlingame outfall sewer were recounted to the Redwood City Exchange Club at the weekly dinner meeting in the Hotel Sequoia Tuesday by Harvey Conner, 1222 Whipple avenue. Conner, Exchange member, is contractor on a $41,000 unit of the project.

Conner suggested that Redwood City would find it worthwhile to build a similar sewer. He said the project was partly self-sustaining in sale of by-products suitable for fertilizer.

Colin Stokes exhibited pictures he took on a recent trip to the San Diego fair.

John Young, editor of the Redwood City Standard, was welcomed as a new member.

T. O. Renfrow of Kingsburg was a guest of his son-in-law, "Jake" Buhler.

The club will meet at 4 o'clock next Tuesday to leave for a visit to the new San Francisco-Oakland bay bridge. The party will be directed by Jack Fox.

Raymond Falvey Dies At San Bernardino

Raymond Falvey, 34, former resident of Burlingame and brother of County Law Librarian Elinor L. Falvey, died Tuesday in San Bernardino from a heart attack. Funeral services will be held tomorrow at the family residence at 818 B street, San Mateo, at 9 a.m., followed by requiem mass at St. Matthews church there.

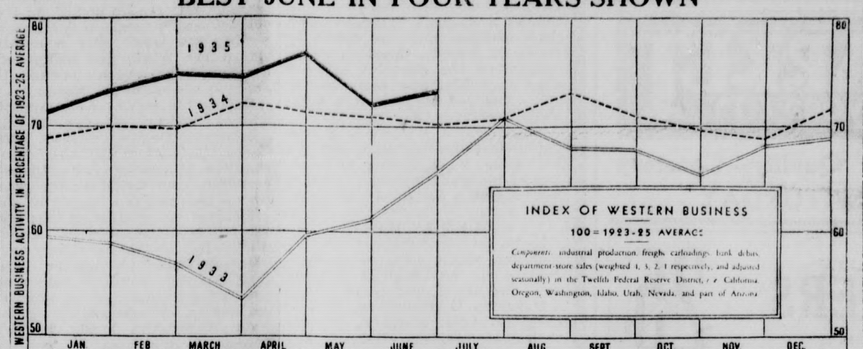
Survivors besides the local sister include his wife, Mrs. Mary C. Pinkham Falvey; a daughter, Corinne Marie Falvey; his mother, Mrs. J. B. Falvey of San Mateo; three sisters, Dolorita Falvey of San Mateo; Mother M. Laurentine of Prescott, Ariz., and Sister M. Robertine of San Diego; and six brothers, Fr. Robert Falvey of Newark; Rev. Mark Falvey, S. J., Shanghai, China; Rev. Arthur Falvey, S. J., of Loyola College, Los Angeles; Charles Falvey of Phoenix, and Edward W. and Norbert Falvey of San Mateo.

Mechanic Is Charged With Assault, Battery

Louis Girerd, Atherton mechanic who works in San Francisco, was free on $250 bail there today facing a charge of assault and battery preferred by his estranged wife, Alice.

Girerd is accused of beating his wife's uncle, Theophile Delmoly; Mrs. Girerd, and the couple's 2½-year-old son when Mrs. Girerd and her uncle attempted to prevent him from taking the child from the Delmoly house in North Fair Oaks Sunday. The complaint for Girerd's arrest was issued by District Attorney Gilbert Ferrell. It was signed by Mrs. Girerd.

BEST JUNE IN FOUR YEARS SHOWN



Recording the best six months of business activity on the Pacific coast since January, 1932, and the most active June in four years, the "Index of Western Business," a graphic portrayal of business statistics received monthly by the First National Bank of San Mateo County here, reached 73.4 for the month just past. The index (based on 100 as equaling the 1923-25 average level) stood it 70.2 on June 30 a year ago. In every months of the current year thus far, the index has stood at a higher level than in the corresponding month of any year since 1932.

HEARINGS PLANNED ON RAPID TRANSIT

Plan of Uhl to Move Depot Further In Under Study

While the San Francisco supervisors' public utility committee was studying proposal of Supervisor Uhl to move the Southern Pacific station to Second and Howard streets, peninsulans were making plans today to urge protection for this district at a series of public hearings announced by the citizens' advisory committee.

The hearings, to be fixed in the order applications are received, were decided upon yesterday when the augmented committee of key San Franciscans met at the Palace Hotel for expeditious solution of the transportation problems which will confront the bay city upon completion of the two new bridges.

At the initial meeting, Frank Olma, speaking for peninsula residents, said whatever plan is recommended should serve every part of the city and take care of population growth to the south.

"The cost can be forgotten if that is accomplished," he declared.

D. B. Delaney, speaking for Visitacion Valley, the Crocker-Amazon Tract and the Excelsior District Improvement Club, complained that that section of the city had been "completely ignored" in the E. G. Cahill proposed subway project.

Marshall Hale, chairman of the citizens' committee, emphasized the emergency facing the city and peninsula unless the transit problem is solved before the bridges are finished.

Supervisor Uhl's plan, proposed to the supervisors and referred to committee, suggested removal of the depot from Third and Townsend streets to Second and Howard.

Uhl offered a resolution which would ask the Public Utilities Commission to incorporate in its forthcoming rapid transit survey a report on the cost and desirability of bringing the railway's peninsula commuter trains further up town.

"This appears to be a way to meet the competition of the rapid transit to the east bay across the bridge when it is completed," the Supervisor said. "I understand the railroad already has a right of way to its main building on Market street. We should do something to help the peninsula."

HOME HIT AGAIN

* * *

Portola Place Jinxed

* * *

STILL NONE HURT

Mr. and Mrs. A. H. Hermanson of San Francisco, who spend their week-ends at their summer home on Portola road, are beginning to think the hustle and bustle of the big city is far safer than the quiet of the country.

Just a week, almost to the hour, after a truck crashed into the garage and woodshed on their place, a car driven by a Berkeley man and occupied by himself and a woman companion Saturday at 7:30 p. m. crashed into the Hermanson's house.

Driver of the machine was Albert Horwitz. With him was Miss Mary Sullivan of San Francisco.

While the only injury suffered by anone involved was a cut over Miss Sullivan's eye, had the Hermansons been in their bedroom instead of in their kitchen, they might not have fared so well. For the car, after failing to negotiate a curve, crashed down a 20-foot embankment and plowed into the house, badly damaging the building. Nor did the machine stop with hitting the house. It went on in, according to reports, shoving a bed to the other side of the bedroom.

However, after Constable F. B. Grill and two two-trucks spent several hours struggling to return the machine to the road, it was able to proceed on its own power.

Burlingame Seeking Ban on Firecrackers

BURLINGAME, July 24.—Repercussions of the firecrackers of the Fourth of July which started many fires in Burlingame were heard here at the council meeting when City Attorney John Davis was instructed to confer with officials of Redwood City and San Mateo to consider the drawing up of a prohibitory ordinance.

The council went on record against the differential in wage scale which will prevail under the Works Progress Administration going into effect August 15.

Also under verbal fire were the airplanes which have been flying low over the city. It was decided to send letters to Mills Field and the United Air Lines asking that planes be kept at a high altitude.

IN FULL LENGTH TECHNICOLOR

Miriam Hopkins, as she appears in "Becky Sharpe," a full length feature in technicolor, playing at the Sequoia Theater Sunday to Tuesday, with a continuous show on Sunday starting at 1:30 o'clock. Also on the same bill will be "Murder In The Fleet," starring Jean Parker and Robert Taylor.

M. P. TRANSFER OF LIGHTS ASKED

$18,698 Street Paving Fund Deficit Shown In Annual Audit

Transfer of the $1050 annual cost of maintaining 22 street lights from the City of Menlo Park to the larger Menlo Park lighting district will be requested of the San Mateo county supervisors at its next meeting.

Such a request was embodied in a resolution passed Tuesday by the Menlo Park City Council.

Twenty lights on El Camino Real and two on Santa Cruz avenue are maintained by the City of Menlo Park out of its small budget, while all other street lights in the community are maintained by the lighting district. All are within the city limits.

TAX INCREASE SEEN

Last nights council meeting was further marked by submission of the annual city audit, which noted an increase of $3,701.08 in the general fund for the year ending June 30, a balance in the general fund of $11,465.81, and an $18,698.14 deficit in the street improvement bond fund.

The audit found the city books accurate. The street improvement fund (not the street improvement bond fund) showed a decrease of 52 cents during the year, and a balance of $1280.75.

A neighborly feud had its aftermath at the meeting when Emil S. Langborgh of 887 Oak Grove avenue, his right hand bandaged and the arm in a sling, asked permission to keep more than two dogs on his property. Zoning regulations forbid harboring more than two dogs unless permission is granted.

Langborgh's request was granted, after the clerk had read the names of two dozen neighbors of Langborgh who said they didn't object.

Camile Nichols, whose eye is said to have been artistically blackened by Langborgh's fist in a recent alercation over the dog problem, was not in the council room last night when Mayor James M. Cooper invited anyone who objected to Langborgh's dogs to voice a protest.

ASKS CITY AID

W. L. Meussdorffer, representing the Felton Gables subdivision made a second request for aid in improving Encinal avenue. He was advised to carry a petition requesting such improvement to property owners along the street.

National Groups May Solve Flag Puzzle

Plans were being made today by local veterans to send pictures and descriptions of the 23-starred hybrid British-American flag recently found here to two national organizations in the hope one of them may be able to solve the puzzle created by the banner's discovery.

Veterans have expressed belief either the national headquarters of the American Legion or the National Flag Association in Washington would be able to shed light on the emblem's history.

The flag, which shows definite signs of having been flown, is on display in the local chamber of commerce office in the Sequoia building. Pictures were taken of the banner today.

Motorist Is Charged With Drunk Driving

Charged with driving while intoxicated, Concepcion Acosta, 24, of Palo Alto, was in the county jail today, following his arrest in Redwood City on El Camino Real by Police Officers Fogarty and Fleishman, who sighted him at 12:20 a. m. driving in what they declared was an "erratic" manner.

County Budget Now $269,000 Beyond Limit

Supervisors Will Seek Right to Exceed Riley Act

With San Mateo county's 1935-36 tentative general budget some $269,000 in excess of the 5 per cent limitation of the Riley-Stewart act, the San Mateo county supervisors Wednesday held up final commitment on paying $50,000 provisionally pledged to the $1,000,000 livestock exposition in Visitacion Valley.

After lengthy discussion of the $50,000 pledge, the board agreed to call upon the state board of equalization immediately to request permission to exceed the 5 per cent limitation over last year's expenditures.

This action was taken when Charles H. Sooy, president of Agricultural District 1-A, said the $1,000,000 project was doomed if San Mateo county did not make it possible to put labor at work on grading the Visitacion Valley site by August 1.

Sooy said that funds for the district were rapidly being threatened, with the PWA planning to rescind a $199,000 grant if the work is not started by August 1.

The agriculture president said he was not interested in using "high pressure" methods in getting the board to vote the funds, but he did conceive it his duty to point out the importance of the project to the peninsula.

TO GAIN FAIR EXHIBITS

Sooy said that San Mateo county as the site of the exposition will be an "integral part" of the 1938 world's fair. He said the livestock, horse show, trotting races and polo features of the world fair will be held in the county and not on Yerba Buena shoals.

The project president said that San Mateo county could afford to put up $250,000 and still be money ahead in the fact that the work will provide 230,000 days of labor.

Supervisor Albert Witt Jr., Colma, supporting the plea, said that whatever sum San Mateo county contributes will be applicable to its relief fund and will therefore be only a matter of bookkeeping whether the funds are set up as the livestock pledge or relief money.

Edward Stack, county auditor, citing figures showing that the board could spend $967,620 this year under the 5 per cent increase of the Riley bill, said requests have been made in excess of that figure of $269,110. This did not include $10,000 toward the Sunnyvale pledge and $50,000 toward the livestock project, he said.

The increases as now tentatively set up are about 30 per cent over the Riley limitation, Stack said.

LEGALITY QUESTIONED

District Attorney Gilbert Ferrell informed the board that there was some question of the legality of the act, but that the attorney general's office had warned that it was dangerous to "take a chance" and exceed the 5 per cent limitation until it was clarified.

Stack took the stand that he would be responsible for the funds and would not consent to placing figures in the budget exceeding the 5 per cent limitation without permission of the state board to lift the limit.

County Executive Walter Kellogg was instructed to confer with the state board this afternoon and arrange a meeting for the supervisors at once.

The board then is expected to take final action on the payment of the money next Monday, and work is expected to proceed immediately thereafter.

Mrs. Talbot's Answer In Suit Unsensational

While the attorneys certified that "the demurrer is well taken in the point of law and is not entered for purposes of delay," counsel for Mrs. Marjorie Talbot late yesterday filed in superior court a demurrer which merely declared W. C. Talbot's sensational cross complaint was not specific.

Void of direct or sensational charges, the demurrer, entered by Attorneys John T. McCarthy and J. Bruce Fratis, declared that Talbot's charges his wife was not married to him in Mexico failed to state whether statutory law or decision of Mexican courts was cited.

Public Hearing Set On County's Budget

The date of August 29 at 10 a.m. was set today by the board of supervisors for hearing on the county budget.

Du Pont Plant Cost Is Given As $175,000

Work Starts August 1; 100 Will Get Jobs In New Factory

Expenditure of $175,000 on its projected West Coast paint and varnish factory at South San Francisco is planned by the E. I. du Pont de Nemours & Co., W. J. Sohlinger, manager of the Pacific Coast division, announced today.

Work will be started by August 1 and the plant will be in operation by November 1, it is announced.

The plant will employ more than 100 persons and will have an annual payroll in excess of $125,000, it is reported. It will serve the entire 11 states west of the Rockies.

The du Pont interests first looked at the Pacific Coast territory for a factory location in 1929 and would have built at that time except for the crash.

The decision to proceed now was seen as a definite indication of better times and a loosening of capital.

5-YEAR BATTLE

Acquisition of the plant marks the end of a five-year battle between the San Francisco and Los Angeles chambers of commerce, George North, of Redwood City, connected with the San Francisco chamber reports.

The du Pont firm is a world-wide affair and its selection of San Francisco as the western distributing point over Los Angeles was viewed by North as "very significant."

The $175,000 expenditure is but a preliminary to the eventual full development of the du Pont properties, North said. The firm has acquired seven acres.

In announcing the firm's decision, Sohlinger said:

'LOGICAL PLACE'

"We have realized for many years that it would eventually become necessary for us to erect a western factory and we probably would have done so in the fall of 1929 but for the crash in October of that year.

"During the last two or three years we have made a thorough study of all possible locations on the Pacific Coast. We decided upon this as the growing market and the logical distributing center of the west.

"We will begin actual construction not later than August 1 and hope to have the plant in operation in November. There will be three buildings. Our plans are complete and our equipment is ready."

Negotiations for the transaction were handled by A. M. Rosenstirn, San Francisco realty man, and Harold K. Crane, of the industrial committee of the San Francisco chamber.

Cahill Bros., San Francisco contracting firm, will do the work.

'Good Old Days' Revival Planned For Picnic Here

In an attempt to revive the "old days," Bay View Lodge No. 109 of the Odd Fellows will hold a public picnic and barbecue Sunday afternoon at Varsity Park back of the Stanford compus.

Eighteen to 20 years ago, according to Chairman A. P. Whitehead of the lodge booster committee, the event drew nearly the entire population of Redwood City. Stores closed, a train was chartered, and the day declared a holiday, he said.

The program will include baseball games, children's field day and dancing.

Participating at softball will be the local Eagles, who will play the Odd Fellows' team, and the Veterans of Foreign Wars, scheduled to meet the San Mateo I. O. O. F. outfit. The first game will be played at 10:30 a. m., the second at 11:30 and the play-off between the winners at 4:30 p. m.

At 3:30 a children's field day, for which prizes have been provided, will be run off, and dancing will complete the afternoon's entertainment.

South San Francisco Mother of Nine Dies

SOUTH SAN FRANCISCO, July 22.—Mrs. Caroline Welte, wife of Alexander Welte and mother of nine living children, died at her home here yesterday. She was a native of Germany.

Children are Mrs. E. Maderas, Mrs. M. Huntington, Mrs. G. Gidds, Joseph, Carl, Walter, Alex, Fred and Robert Welte.

Funeral services will be held Wednesday at 9 a. m. from the late residence of Mrs. Welte at 560 Baden avenue.

DEATH PROBE CLOSED

Although open verdicts were returned here at coroner's inquests into deaths of Mrs. Mary Silven, killed near here in an automobile crash June 3, and Frank Moretto and Luciano Peco, July 4 crash victims, no investigations of the deaths are planned by the coroner's office, Deputy Dan O'Connell siad today following the inquests. He declared he was satisfied all deaths were accidental.

Long Delayed Work On Sewer Job Starts

SAN MATEO, July 23.—Following a long delay in awarding of bids, actual work began today on the $143,000 San Mateo outfall sewer project.

Tractors, steam shovels and ditch diggers undertook construction work at 16th avenue and Bayshore highway, as part of Unit A of the project. Supervising the work is Engineer R. S. Child, representative of the Public Works Administration. W. J. Tobin of Oakland, who was awarded the contracts for the work, has 180 days to complete construction.

Report 'Prospectors' Seek Buried Treasure

BURLINGAME, July 24—Moonlight and "bootleg" prospectors were reported today to be sneaking down to the lot at 1549 Howard street were "Coal Oil Billy" Tostman, elderly recluse who died recently, is supposed to have buried a treasure of some $6000, and are reported digging for the cache.

At the same time real estate men are trying to bid in the lot at much increased figures with a possible view of doing large scale "mining excavation" in a systematic search for the "buried treasure," it was reported.

4TH WEEK-END FINDS COUNTY FATALITY-FREE

Injuries Are Incurred In Several Crashes Here, However

While San Mateo county was again free of traffic fatalities over the week-end for the fourth consecutive time, injuries were sustained, as usual, by a number of motorists.

Mr. and Mrs. John Leslie Jones and their six-month-old son, John Jr. were still in Mills Memorial Hospital today suffering from cuts, bruises and shock incurred when their machine and one driven by Harry M. Pillars, 42, of San Jose, collided on the Bayshore highway near Bay Meadows early yesterday. The Joneses live at 3 Berkshire avenue, Atherton.

The accident happened, according to investigating state highway patrolmen, when Pillars lost control of his machine and it crashed headon into a car driven by Jones, who is 21.

8 HURT IN WRECK

Eight persons were hurt Sunday morning when two automobiles collided on the Bayshore highway near the San Francisco airport.

Raymond O. Halvorsen, 28, Madera; his wife, Margaret, 28, and their two children, Neil, 4, and Raymond Jr., 6, suffered cuts and bruises. Miss Josephine Crosetti, 21, Madera, and Miss Mrytle Halverson, 25, of 54 Francis street, San Francisco, suffered leg injuries.

Joe B. Parulon, 25, and Max Galen, 32, both of Santa Clara, occupants of the other machine, were treated for lacerations.

ESCAPE HURTS HERE

Drivers of two machines escaped injuries here at 9 a. m. Sunday when cars of Albert Sangalli of San Francisco and Paul Cullaza of Redwood City collided at Middlefield road and Spruce street. Cullaza's car after the crash jumped a curb and damaged a fence at 1923 Middlefield.

Miss Jean McMillan, 15, of San Bruno, suffered minor injuries when a car in which she was riding with Herman Keller of Burlingame crashed Saturday night with a machine driven by Gorden Krenener, said to live near Emerald Lake here.

Other accidents in San Mateo and Burlingame caused six persons to be injured, one of them escaping with his life when brakes on the truck he was driving failed to hold and the vehicle plunged 80 feet down an embankment.

CATAPULTED 20 FEET

It was on the new Half Moon Bay grade Monday that the truck, driven by Alwin Brauns of Daly City, got out of control and hurtled over the embankment. Brauns was thrown clear when the machine turned over, police said. He was treated for bruises, cuts and abrasions after being catapulted nearly 20 feet through the air.

CHILDREN INJURED

Two children, Dewey Ventura, 8, and his 6-year-old sister, Mary, were cut and bruised Saturday night in a collision in Burlingame between machines driven by their father, Nick Ventura of San Francisco, and Mary Berry of Burlingame.

The same evening S. G. Suyama and W. E. Smith Jr., both of San Mateo, received cuts and lacerations as their machines collided in San Mateo.

Mrs. Emil Schoennauer, 62, 2555 Waverley street, Palo Alto, was slightly hurt and treated at Mills Memorial Hospital in San Mateo for bruises to her right knee and shoulder, incurred in a collision there between a machine driven by her husband and one driven by A. R. Mitchell of Sacramento last evening. The injured woman was returned to her home after receiving first aid.

SHIFT OF FINAL MACON OFFICER STARTS NEW ACTIVITY AT BASE

The "last Mohican" of the Macon personnel remaining at the United States Naval Air Station at Sunnyvale is soon to leave for sea duty.

He is Lieut. H. N. Coulter. It was reported today that he has received orders which will detach him from duty here on or about August 3, and which will take him to the Battleship Arizona, flagship of the commander of battleship division 2, on August 10.

For Lieutenant Coulter, the orders terminate six years' duty in the navy's now-inactive lighter-than-air service. He served on the old Los Angeles and on the Akron, leaving the latter ship a month before her tragic destruction off the New Jersey coast, and came to Sunnyvale aboard the Macon.

During his service as communications officer of the Macon, Lieutenant Coulter worked with Gerhart Fisher, Palo Alto radio engineer, in building, installing and perfecting the dirigible's direction finder. Marking an important development in navigation, the device made it possible to "home" the 785-foot airship accurately over great distances to a given location. Bearings could be taken on any radio station and on any radio-emitted sound—whether it be Paul Whiteman's band, the San Francisco Symphony or one of President Roosevelt's fireside chats.

The Coulter - Fisher direction finder installed on the Macon went down with the ship off Point Sur.

Lieutenant Coulter was one of the 81 officers and men who survived that disaster.

Assignment of Macon officers and men to new duties began shortly following the loss of the Macon, until Lieutenant Coulter was the last to remain at Sunnyvale.

The departure of the station's last lighter-than-air officer marks the final dividing line between lighter and heavier-than-air activities at the local naval base. Four squadrons of planes from the carrier Saratoga will land at Moffett Field next Monday—the first of 12 squadrons totaling more than 200 planes scheduled to visit the field during the coming month.

Congressman John J. McGrath indicated on his recent visit here that the congressional naval affairs committee of which he is a member will recommend that Moffett Field be developed immediately for heavier-than-air, pending a decision on th future lighter-than-air policy of the United States.

Woman Is Recovering From Suicide Attempt

Mrs. W. C. Hodges, 42, former San Carlos resident, was well on the road to recovery today in the Villa Sanitarium in Daly City following what is believed to have been a suicide attempt made Saturday night, hospital attendants reported.

Mrs. Hodges, wife of the former proprietor of a San Carlos kennel, carried out repeated threats by swallowing poison at her home, 256 North Parkview avenue, Daly City, according to police. Despondency over ill health was believed to be the reason. The Hodgeses had moved to Daly City only recently from San Carlos.

Santa Cruz Judge To Head Talbot Case

Superior Judge James L. Atteridge of Santa Cruz likely will sit in the local superior court to hear the divorce action of Mrs. Marjorie Talbot against W. C. Talbot, wealthy Hillsborough sportsman and lumber magnate.

This became evident today when Superior Judge A. R. Cotton, who recently disqualified himself from the case, received word from Judge Atteridge that he would exchange courts for duration of the trial. Judge Atteridge asked that the date for the divorce hearing be set for August 19. If that is done, Judge Cotton will preside at a murder hearing in Santa Cruz at that time.

NEW LOCAL RESIDENTS

New addresses recorded in Redwood City during the past week include Mrs. E. Russell, Mrs. Mary Roston and G. Watson, all Emerald Lake; Arthur W. Moritz, Park road; C. Martinez, 266 Foothill; L. Muzio, 229 E. Brewster; O. E. Potter, 603 Stambaugh; Frank Ribera, 75 Central; G. L. Romano, 126 Carlos, and A. McSweeney, 618 Allerton.

Baby Born to Family Of Writers, Diplomats

SAN JOSE, July 23—A baby who has forbears ranging from famed novelists to foreign ministers was born today in the San Jose Hospital to Mrs. James Alexander Barclay Barton, the former Margaret Alden Hartigan.

Father of the child, which has been named Hugh Charles Barton, is in the British diplomatic service at Shanghai.

The baby's paternal grandparents are Sir Sydney Barton, British minister to Abyssinia, and Lady Barton.

Its maternal grandparents are Captain and Mrs. Charles Conway Hartigan of Washington, D. C.

And its great uncle and great aunt are none other than the famed writers, Charles G. and Kathleen Norris, of Palo Alto.

The baby's mother had spent the summer at the Norris ranch near Saratoga.

FIREWORKS BAN PROPOSED

SAN MATEO, July 23.—Sale, possession or discharge of firecrackers will be made illegal if an ordinance to be considered by the Peninsula Fire Chiefs' Association at its meeting here July 30 meets approval of the various city councils of San Mateo county to whom the ordinance will later be submitted.

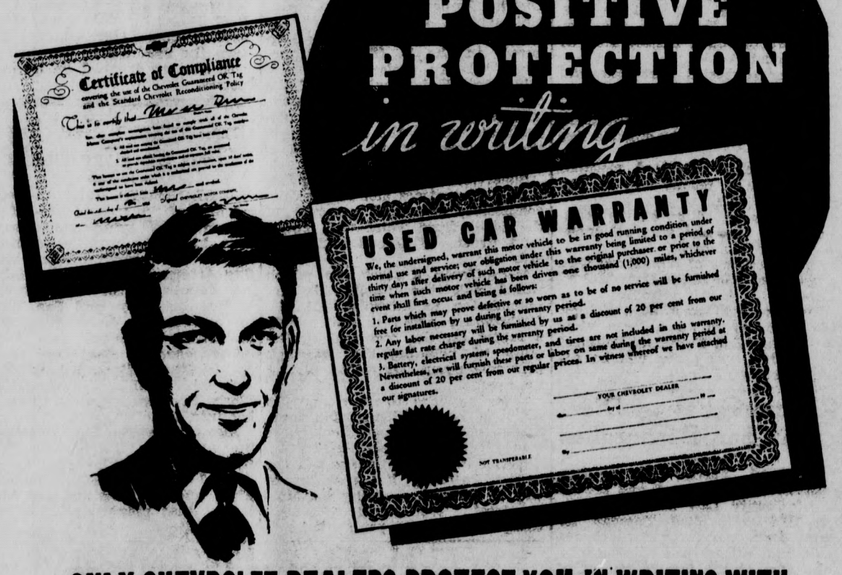
The WANT ADS Will Do It Twice As Well!

Hard-boiled business men have found, time and again, that Tribune Want Ads pull more business for less money than any other kind of advertising. These men have no illusions when it comes to buying advertising. Their findings are based on results—and nothing else!

Doesn't it stand to reason that you can get results quicker and cheaper with a Tribune Want Ad—especially when you consider that the very people you want to reach will be looking for it—and that a 4 line Want Ad, run three consecutive times, costs only $1.00.

USE THE WANT ADS

USED CAR BUYERS!
CHEVROLET DEALERS GIVE YOU
POSITIVE PROTECTION
in writing



ONLY CHEVROLET DEALERS PROTECT YOU IN WRITING WITH
"THE GUARANTEED RED OK TAG—USED CAR WARRANTY"

"Now it's as safe to buy a used car as a new car!" That's the way customers feel about this new, exclusive PROTECTION!

Come and pick your used car. Pocket the big saving. Then drive away with the kind of buying protection your good money deserves—Triple Protection that sweeps away the "guesswork":

1. CERTIFICATE OF COMPLIANCE. Study the Protection in this license! Chevrolet Motor Company grants it *only* after the dealer has satisfied rigid requirements concerning reconditioning and fair pricing.

2. USED CAR WARRANTY. Read the Protection in this document. It guarantees the Red OK Tag Used Car for 30 days or 1000 miles.

3. PRECISION RECONDITIONING. *Watch cars being reconditioned!* See how Graduate Mechanics use the most modern precision machinery.

Chevrolet dealers have made used cars safe investments! Pick your bargain today!

MONTGOMERY WARD

Pension Applications Due at Relief Office

San Mateo county residents over the age of 65 who desire to apply for state pensions can make application at the county social welfare department at the courthouse, it was announced today.

Under terms of Assembly Bill 767, passed at this year's session of the legislature, amounts varying from $20 to $35 a month will be paid aged people. It is now no longer necessary to have been a citizen 15 years, but only to have lived 15 years in the state and be a citizen now. It is necessary to have lived one year in the county. Couples with real property not exceeding $3000 in assessed valuation and personal property not exceeding $500 are eligible, according to information received by County Clerk E. B. Hinman.

The new provisions of the Old Age Security Act become effective September 15.

COMPLAINS OF ROAD

Condition of Jefferson avenue between the Redwood City city limits and Emerald Lake for improvement of which section an SERA project is being sought, was lodged with the board of supervisors today by H. T. Thompson.

Judge Dismisses Battery Charges Against Brothers

Insufficient evidence late yesterday won a dismissal of battery charges preferred against John and Ettore Bosia, San Francisco brothers, after Deputy District Attorney Louis B. Dematteis presented his case before Judge R. E. O'Farrell in the local justice court. Judge O'Farrell dismissed the charges upon motion of Defense Attorney Edmund Scott.

The charges had been brought by Dr. Guiseppe Facci, San Francisco educator, who charged the brothers attacked him while he was making a speech at a Druids' picnic at New Portola Park in June.

HEATER CAUSES FIRE

BURLINGAME, July 22.—Seeing the glare of fire and dense clouds of smoke pouring from the basement of the Burlingame Hotel here last evening, an attendant at a nearby service station turned in an alarm which brought firemen rushing to save the hotel. Smoke was issuing from the cellar when the firefighters arrived, but it developed that only an oil heater had broken and little damage was done, the blaze being quickly extinguished.

Camino Real Travel Showing 30% Gain

Travel on El Camino Real (U. S. 101) has been 30 per cent greater this summer than last, according to preliminary estimates released by the central coast office of the California State Chamber of Commerce.

By the end of July, traffic on the coast route is expected to equal that of 1930, which set an all-time high record on this highway.

A high percentage of this travel has been by out-of-state cars, the state chamber reports. This has been further confirmed by the border entries of out-of-state vehicles, which have been greater than for several seasons past.

Pedestrian Brings $28,000 Damage Suit

Damages of $28,516.77 were sought in a suit filed in superior court today by Mr. and Mrs. Martin R. Berlin for injuries suffered by Mrs. Berlin when she was struck by the machine of Evan and Catherine Roberts last August 1 on El Camino Real at Santa Cruz avenue, Menlo Park. According to the complaint, filed through Attorney I. M. Golden, Mrs. Berlin was crossing the highway when she was hit by the Roberts automobile.

New Shopping Plan Points Way To Trim Family Food Budget

FRIDAY - SATURDAY JULY 26 - 27

Actually these are our everyday money-savers—at our regular low prices. Definite aids in keeping your food budget down. But don't judge by price alone. We'd like to have you drop in and compare quality, too. Investigate the remarkable values your Safeway grocer is offering all the time.
Then, we believe, you'll see a wide-open opportunity to make real savings . . . not just once in awhile, but week after week.
Why not try this plan for a month? Buy all your food at your Safeway grocer's. Keep a daily record of what you spend.
After 30 days, add up your food bills. Check your total against what you spent the previous month.
You'll notice, for example, that your saving on AY Bread alone is a big one . . . typical of many other economies all along the line.
And—at the end of your month's test—we believe you'll find that you've really trimmed many dollars from your whole food budget.
START SHOPPING ON THE SAFEWAY PLAN TODAY.

Ditch Project Up To Schedule Now

The Woodside road ditch elimination project is on schedule and not behind, W. C. Eshleman, project e ngineer of SERA, reported Monday.

Eshleman said the project suffered a one-day setback which has since been made up.

Thirty of the 50 senators in North Carolina's legislature are lawyers.

CLEMENT NASH NAMED DEPUTY FOR SHERIFF

Former Postmaster At S. M. Succeeds Joseph Meeks

Clement J. Nash of San Mateo, former court clerk here and for nine years postmaster in San Mateo, Monday was named deputy sheriff succeeding the late Joseph Meeks.

Nash, member of a pioneer famil of this county, was also a brother of the late Joseph Nash, county clerk here for a number of years.

The new officer was clerk in the court of former Judge George Buck for 10 years from 1915 to 1925. He then became postmaster, serving until last year.

Whether Nash will act as bailiff in department 1 of superior court, as did Meeks, or work in other departments of the sheriff's office has not as yet been determined, according to Sheriff James J. McGrath, who made the appointment.

Four Escape Death As Car Leaves Road

Four motorists narrowly escaped critical injury or death last night when their machine went off the Skyline boulevard a half mile north of the Colma road intersection and turned over three times down an embankment.

Driver of the car, Miss Grace May Eddy, 24, of San Francisco, was the most seriously injured. She suffered a possible back injury, for which she is being treated in Villa Sanitarium at Daly City.

Passengers in the car received cuts and bruises. They were Peter W. Cunningham, 30, and Mary Inda, 25, both of San Francisco, and John H. Abbott, 34, of Los Angeles.

A tiny parasite, measuring less than an inch in length, is killing off the man-eating sharks around the shores of New South Wales, Australia.

Water Company Will Talk Sale to City

SAN MATEO, July 24.—Willingness of the California Water Service Company to confer with the citizens' committee appointed last week by Mayor Frank Simmen to consider the possibility of public ownership of the water utility, was expressed here in a communication to the city council from the water company.

A conflict which with skirmishes both legal and humorous has dragged through the courts for months but was finally settled recently, flamed anew last evening when five citizens presented a petition to the council asking that the city take some action to abate the nuisance caused by Pedar Pederson's ownership of big and "noisy" Great Dane dogs.

Native Sons Plan Picnic for Sunday

Native Sons, Native Daughters and their families and friends were making final plans today for another picnic at the Native Sons Park in Tunitas Glen Sunday.

At the affair, at which dancing to music of the Hill Billies' Orchestra will be the main feature, beans, coffee and rolls will be furnished at noon by the committee in charge.

Games and other entertainment will be enjoyed throughout the day.

RITES FOR VICTIM OF ACCIDENT HELD

Elderly Atherton Man Killed When Struck By Tree Limb

Private funeral services were held Monday at his home on Selby lane in Atherton for George M. Wilcox, 76, wealthy retired stockbroker, who was killed late Saturday at his home when he was struck by a limb of a tree which had just been sawed off by the family gardener.

Wilcox, afflicted with deafness for a number of years, apparently failed to hear the warning shouts of the gardener.

He had come to the peninsula from New York City in 1900, where he had once owned a seat on the New York Stock Exchange.

Survivors include his wife, Marie L. Wilcox, and two children: John F. Wilcox and Mrs. Hugh David Phillips. He was a brother of Mrs. F. W. Sisson.

After the services, interment followed at Alta Mesa Cemetery, with Roller & Hapgood in charge.

Two of the largest sawmills in the United States are located at Bogalusa, La., and Longview, Wash. Each has a capacity of about 1,000,000 board feet a day.

$227,819.98 Spent By Road Department

Operation of the road department of the county engineer's office cost $227,819.98 during the fiscal year which ended June 30, County Engineer Carl Scott reported today in his annual report to the board of supervisors.

Of this total, $14,284.49 went for maintenance and operation; $61,181.64 for emergency relief projects; $12,193 for rights of way; $10,463.32 for road machinery and equipment, and $2,697.53 to pay obligations incurred the previous year.

The total expense was $1,291.02 less than the budget allowance for the department, the report shows.

Hipkins Funeral Held From S. F. Parlors

Last rites for the late Samuel J. Hipkins, retired North Fair Oaks Grocer who died Friday night in San Frnacisco, were held at 1 p. m. Monday from the chapel of H. F. Suhr Co., 2919 Mission street, in San Francisco. Interment followed in Cypress Lawn Memorial Park.

Mr. Hipkins, who for a number of years ran the Fifth Avenue Grocery until he sold out eight months ago, is survived by his wife, Sarah R. Hipkins, and the following children: Mrs. Thomas Cutting, Mrs. E. J. Nell, Mrs. C. W. Boxton and Jesse C. Hipkins.

Carrier Boy Hurt In Spill Off Bicycle

Thrown to the pavement when his bicycle became entangled with a truck to which he was holding, Delbert Laurence, 13-year-old Tribune carrier boy, was badly bruised and shaken Wednesday.

The lad had just left his home at 300 Eighth avenue, North Fair Oaks, and had "hooked" a tow with the truck on Middlefield road when the accident happened, according to local officers who investigated the accident. Identity of the driver of the truck, who did not stop since he was unaware the youth had been holding on, was not learned.

VOTING ON SCHOOL BONDS

MILLBRAE, July 24.—Voters were casting ballots here today on a proposition to spend $32,000 to alter school buildings and equip them with furniture and apparatus of a permanent nature.

USE CAB FOR PLAYHOUSE

An old taxicab cast off by a San Francisco firm today was a "playhouse" for children of Leon Sloss Jr. and Mortimer Fleishhacker Jr. of Woodside.

MENLO PARK NEWS

Negotiations by Bing Crosby, noted radio and screen star, to purchase the Perry estate at Atherton, underway for some time, have been temporarily halted, it was reported today.

The old estate consists of 15 acres and a two-story dwelling and attractive grounds in keeping with adjoining estates.

It is said that $75,000 was to have been paid for the choice property.

Numerous stables and a race track are on the place.

Crosby has a number of race horses that were to be trained here. During the past year, his horses have won glory on the turf and he believed the mild, equable climate of this community would be beneficial to his racers and bring added honor to his famous stables.

Mr. Crosby was here on Tuesday to arrange for the coming of his family from Hollywood and Mrs. Crosby and her three pretty children, together with a retinue of servants, had planned to arrive yesterday.

Crosby's rise to fame has been phenomenal, it being as interesting as the thrilling stories we read in books. After leaving Gonzaga college, at Spokane, Wash., where he studied law, he went to Hollywood, where he rapidly won success. Crosby is now rated as a millionaire and is growing in popularity.

The girls of Menlo Park were elated over the coming of Crosby. They were purchasing new garments and primping their hair in getting ready to meet the noted singer of love songs.

J. B. Welch and Thomas Kearney have returned from a vacation spent at Lake Tahoe.

Miss Minnie Finn of San Francisco is taking care of Miss Grace Partee, who is ill at the home of her sister, Mrs. C. M. Weeden, on Roble avenue.

After an absence of five years, Mr. Daryl E. Schoennauer has returned to make his home with his parents, Mr. and Mrs. G. W. Gurnee of East Palo Alto. He has been living with his grandparents in Minneapolis.

Mr. J. B. Welch and Mr. Thomas Kearney have returned to their Menlo Park homes from a vacation spent at Lake Tahoe.

Miss Meta Kugeler of Menlo Park is spending a week vacationing at Santa Cruz.

Mr. and Mrs. Roy E. Underhill and son, Jack, of Hayward, were recent guests at the A. C. Gravestock home in East Palo Alto.

Mr. and Mrs. E. T. Schenk of Menlo Park are the parents of a son born Tuesday at the Palo Alto Hospital.

Miss Margaret Garceau will be the honor guest of Miss Elizabeth Lent at luncheon Sunday at her Atherton home.

S. S. F. Executive's Wife Dies in S. M.

SAN MATEO, July 20.—Funeral services were held today at 10 a.m. for Mrs. H. May Lindeman who died Friday night in San Mateo. Rev. George Brown of San Jose conducted the rites at the William F. Crosby parlors in Burlingame. Mrs. Lindeman is survived by her husband, Leland, executive of the Thermit Company in San Francisco, and by two sisters. Interment took place at Cypress Lawn.

"Hey, you mugs, where's my tuna sandwich?"

WHITE STAR TUNA is a real he-man's food, because men know it's chock-full of quickly available food energy. It supplies "the old pepper" that's as necessary for a long day at the office as it is for a home run in the ninth inning with the score tied!

WHITE STAR has been America's favorite tuna for 22 years, because only the tender, delicious light meat is packed.

ACCEPTED AMERICAN MEDICAL ASSN. A PURE FOOD, HONESTLY ADVERTISED

The Seal of Acceptance of the Committee on Foods of the American Medical Association is your best guarantee of the quality of any product and the truthfulness of the advertising claims made for it. Look for this seal on every food you buy. White Star Tuna has this acceptance.

Chain Operators Await Petition To Call Tax Vote

Petitions seeking a referendum on the state chain store tax law were awaited here today by chain store operators, while the papers began circulation in many counties with the sponsors seeking the signatures of at least 116,487 registered voters.

The move to nullify the tax law began immediately after Attorney General U. S. Webb formally certified the title of the measure passed by the 1935 general assembly and signed by Governor Merriam Saturday.

The law will not become effective if the chain store groups are successful in obtaining the requisite number of signers. Otherwise it will go into effect September 15, imposing a tax of $1 on each retail store and increasing the tax progressively for second and additional stores to $500 for each store over nine.

FINKLER TAX $2676

Inheritance taxes on the $52,262.14 estate of the late H. C. Finkler, Redwood City retired clerk of the state supreme court, total $2676.22, according to a report of the income tax appraiser on file in superior court today. The amount will be paid jointly by G. Grant Taylor and M. J. Purcell, legatees.

BANK CELEBRATES 44TH BIRTHDAY

Was Only Institution Of Kind in County At Opening

The First National Bank Wednesday celebrated its 44th anniversary in Redwood City, acording to officials of this pioneer local firm.

When first established the bank was the only financial institution between San Francisco and San Jose, including the coastside, and handled the Stanford University banking business and all that of San Mateo county.

On July 24, 1891, the day set for the opening, the fixtures did not arrive but the bank opened for business using barrels and planks as counters. In spite of this handicap $80,000 was deposited the first day to give the new business a flying start. But troubles of the bank were not over, for there was no safe in which to place the money. At this point, P. P. Chamberlain, county treasurer, came to the rescue and offered his safe, which was the only one in town at the time, and the money was secured for the time being.

The original location of the bank was in the Gardiner block several doors from the present building and it was known as the Bank of San Mateo County.

First officers were J. L. Ross, president, and L. P. Behrens, cashier. Directors were J. L. Ross, L. J. Frank, George H. Rice, J. D. Byrnes, P. P. Chamberlain, John A. Hooper, Charles Josselyn, Charles Hansen and L. P. Behrens.

Five years ago, the new San Mateo County Bank was built at California street and Broadway to care for the rapidly expanding business and the two institutions are now under the management of Lee T. Ross, president, and Edward T. Harrison, vice president and cashier. Directors are L. A. Behrens, Lee T. Ross, Joseph B. Perry, E. Avenali, Henry A. Beeger, Charles G. Lambert, Edward T. Harrison, Z. T. Thorning, Dan P. Flynn, and Hall C. Ross.

$1500 CASH LEFT BY ANNE HILDRETH

Second Petition Filed In Court Disposes Of Young Estate

Letters of administration for estates of two San Mateo county residents who died last week were sought in superior court today.

When Miss Anne Elizabeth Hildreth died here July 15, she left $1500 cash in a bank and real estate in Canada, but no will disposing of the estate, it was disclosed when Coroner William Crosby, as public administrator, filed a petition for letters through Attorney Joseph J. Bullock.

The only known heir, according to the petition, is Miss Hildreth's brother, James, of Sullivan Lake, Alta., Canada.

George P. Young, 57, former San Francisco newspaperman who was found dead in his home at El Granada July 20, bequeathed his entire estate, valued at "less than $10,000," to a foster-daughter, Mrs. Virginia Cline, 31, of Oakland, according to the petition filed in superior court through the law firm of Bell & Anderson.

The property consists of "cash in banks, improved real property at El Granada, household furniture, personal property and effects," according to the petition.

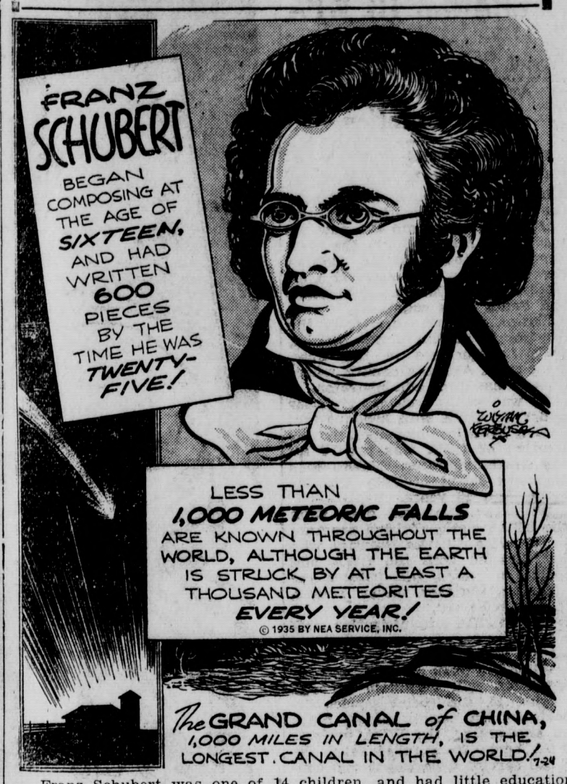
Only provision made for heirs listed as Vernon Young, brother address unknown, and Mrs. E. A. Burger of Highland Park, Mich., a sister, is $1 "to anyone who might contest the will or object to any provision thereof."

Hillsborough Count Named in Reno Suit

Count Mario Gabellini, 808 Eucalyptus avenue, Hillsborough, was named today in a divorce action filed in Reno, Nev., Countess Helen Gabellini, the former Mrs. Helen McCarthy, has three children by a former marriage.

The couple left their Hillsborough place about one month ago for Lake Tahoe and were expected home shortly.

THIS CURIOUS WORLD By William Ferguson



FRANZ SCHUBERT
BEGAN COMPOSING AT THE AGE OF SIXTEEN, AND HAD WRITTEN 600 PIECES BY THE TIME HE WAS TWENTY-FIVE!
LESS THAN 1,000 METEORIC FALLS ARE KNOWN THROUGHOUT THE WORLD, ALTHOUGH THE EARTH IS STRUCK BY AT LEAST A THOUSAND METEORITES EVERY YEAR!

The GRAND CANAL of CHINA, 1,000 MILES IN LENGTH, IS THE LONGEST CANAL IN THE WORLD!

Franz Schubert was one of 14 children, and had little education. Of all the great composers, he had the least musical instruction. In spite of the great number of compositions written, Schubert had extreme difficulty in getting them published. He died at the age of 31.

M'GRATH BACKS FLOWER SHOW, CITES COUNTY PUBLICITY NEED

Pleasure over the San Mateo county's decision to hold a fall festival and flower show was expressed today by Congressman John J. McGrath.

Congressman McGrath, whose home is in San Mateo, said:

"Here in San Mateo County we have the finest agricultural, industrial and residential property to be found anywhere within 20 miles of a metropolitan city. The products of San Mateo county are sol dall over the United States. While in Washington, I have made it a point at all times to ask the source of artichokes from tradesmen, and invariably they told me they came from California. On numerous occasions I have visited flower shops to admire beautiful chrysanthemums and other flowers, and again I am told they all come from California.

"When the average resident of the Eastern states speaks of California he is prone to think of Los Angeles. San Mateo county is practically unknown to them, for the reason this county has not capitalized on its great natural advantages as has the southern part of our state. An examination of government records discloses that San Mateo county is the largest producer of artichokes in these United States, and that also heather, chrysanthemums, tulips and other bulbous flower grown in San Mateo county, are near the top in production in all the country.

"I was delighted when William C. McCarthy, San Mateo county publicity director, informed me of the coming flower festival, to be held this year, at Bay Meadows. This is a step in the right direction and I know it will bring valuable publicity to San Mateo county, not anly throughout the state, but nationally as well.

"This forthcoming garden-floral pageant will, in my opinion, be so successful that the same will become an annual event, and I am convinced that this is one of the finest avenues of publicity in bringing to the attention of the people in the county, the state, and the nation at large, the opportunities and possibilities of the scenic, recreational, agricultural, horticultural, hame, business and industrial features and advantages to be found in beautiful San Mateo county."

Youth Hurt in Crash Reported Recovering

William Carhart, 16-year-old Palo Alto high school student whose arm was broken and badly lacerated in an accident on the new Foothill road back of the Stanford campus Friday, was showing good improvement at the Palo Alto Hospital today, it was reported. Doctors expressed belief that his arm, which it was at first feared might have to be amputated, could be saved.

Miss Betty Clintsman, 16, and Edward J. Cahill, 14, also injured in the wreck, were likewise reported recovering.

WAINSCOT OF TILE TO BE INSTALLED

Santa Clara's Federal Building Nearly Finished

Expenditure by the federal government of $2000 more than was at first anticipated will be made on the local postoffice, which is now 75 per cent complete, John B. Lammers, federal engineer in charge of construction, revealed today.

The extra money will pay for tile wainscot in the lobby, a concrete floor in the lookout, and tile flooring and a four-foot wainscot in the three toilets of the building.

It had been planned to have only a painted wooden wainscot in the lobby. The floor in the lobby also will be of tile.

Total cost of the building, which will be ready for occupancy by September 6, will be about $41,500.

The boiler for the heating plant has now been put in place, as has all piping. The boiler will be equipped for burning either gas or oil.

Plastering of the building will begin by the first of next week, Lammers said. Roofing and sheet-metal work is now going on, as is the corking of the window frames. Twenty-four men are employed on the job at present.

Santa Clara's new federal building, which is also under supervision of Lammers, will be completed next week. It will be occupied, it is expected, by August 3.

Palo Altan Named New WPA Head In This District

H. Gordon Hawes of Palo Alto today made plans to take up his duties as asting Works Progress Administration director for district No. 9, which is comprised of San Mateo, Santa Cruz and Santa Clara counties.

He was appointed by Frank Y. McLaughlin, state WPA administrator, who also named H. J. Wade of Stockton as director for district No. 3.

$35,000 Suit Filed By Car's Passenger

For injuries suffered while he was riding with Frank Smith on the Bayshore highway July 26, 1934, Joel B. McDonald has brought suit for $35,000 against Harold McCune, driver of the machine which collided with Smith's car at Peninsula avenue.

The suit was filed in superior court here by Attorney Wayne Millington.

STEETS GUARDED AGAINST MENTALS

Insane People Ruled Off Thoroughfares By Council

BELMONT, July 23.—People of Belmont using the city streets hereafter will do so without endangering their lives. The city council by introducing an ordinance last evening took preliminary steps to protect the residents of Belmont from insane and mental cases being at liberty on the city streets.

The council's action was the result of numerous complaints about mental cases being allowed to roam the streets of Belmont unguarded and the constant "yelling" and "howling" which has annoyed people living near the mental institutions. The ordinance will make it unlawful to conduct a sanitarium or hospital for treating mental and insane cases without first securing a permit from the city council.

The ordinance also restricts patients from using the city streets, and will force institutions treating mental cases to keep stricter vigilance over them. Mental cases will also be restricted from being housed in private residences.

An ordinance which makes it unlawful to live in tents or any out-houses without a permit was adopted by the council. People will not be allowed to live in any make-shift structure separate from the main building during the construction of their residences. Violation of the ordinance carries with it a fine of $300 and imprisonment.

W. D. Franklin of Belmont will audit the city's books for the sum of $100. A vacation was granted to Chief of Police Fred Johnson Jr.

City clerk Ray G. Kelly was authorized to send a letter to the Southern Pacific Railroad asking it to trim the hedge and cut down weeds which obstruct vision of motorists leaving the Belmont station.

At the sanitary board meeting, which followed the session of the council, removal of 16 dogs from property owned by Peter Vellenzer of San Francisco was ordered after he had explained why the dogs had been allowed to stay on the property.

He said he had rented his property for living quarters, but that the tenants had reared the Russian Wolfhounds there and consequently the place had not been overly sanitary, in his opinion.

The report of the inspector showing permits amounting to $70 was ordered filed.

City Engineer W. W. Hendricks reported that numerous places where sewers had been installed were repaired.

Bertrand Johnson was authorized to secure prices on a new and used truck for the board's use.

GARBAGE ROW IS ENTIRELY UP TO DISTRICT

Ferrell Says County Can Do Nothing About It

Hope of San Mateo county barring San Francisco's garbage rests entirely with the Bayshore Sanitary District Board, District Attorney Gilbert Ferrell informed the supervisors Monday, after a forceful protest was voiced to San Francisco granting any more permits for dumping in the peninsula area.

Chairman Manuel Francis named the whole board and County Executive Walter Kellogg as a committee to call upon the San Francisco board August 5 at 2 p.m. to enter a protest to granting of any contracts calling for peninsula disposal.

Ferrell said, however, that the law was clear that the supervisors could not stop the garbage if the Bayshore district consents to any permits.

BALK GARBAGE FIGHT

Hearing on Henry Weinberg's petition to prevent the Bayshore Sanitary District Board from rescinding action canceling permits to dump San Francisco garbage in this county was postponed for a wek Monday when Attorney W. R. Lowery served notice he wished to intervene on behalf of the Scavengers' Protective Association, which at present has the contract for hauling the garbage, and the Southern Pacific, owner of the property where the garbage is dumped.

Before Lowery made his appearance, however, Attorney Frank Kington of Redwood City, newly-appointed sanitary board counsel, demurred to Weinberg's complaint. Kington maintained that the court has no power to prevent a judicial body carrying out its formal functions, and therefore the writ of prohibition sought by Weinberg should not be granted.

Story Moves Judge, Offender Gets Dollar

BURLINGAME, July 23 — E. M. Gordon entered the courtroom of Police Judge R. L. Stone today facing a jail sentence or a fine, but he left a free man and with a dollar more in his jeans.

Yesterday Gordon, a former bookkeeper in New York, according to the tale he told the judge, was arrested here for having stolen a milk bottle and a loaf of bread.

It was only after he had gone broke, been hungry and had all his clothes and property held for his room rent in San Francisco, Gordon said, that he had been reduced to securing food this way.

The story was too much for Judge Stone, who gave the offender a dollar and told him to leave town . . . but without any milk bottles or loaves of bread, unless he bought them.

CAR THEFT CHARGED

Police investigating a "disturbance" complaint at a house at Jefferson and Quartz streets at 7:05 p.m. Saturday found what they declared was a machine stolen from South San Francisco. As a result, they jailed Clara McSheehy, 26, holding her for the northern city. Charged with grand theft, she is being held in the county jail in lieu of $1000 bail.

CHIEF PLANNING CHANGE TO WPA

Most SERA Aides Are With New Setup In 3 Counties

Transfer of SERA project workers to the new Works Progress Administration and assimilation of the SERA administrative employes in three counties into the new organization August 15 is the plan announced today by H. Gordon Hawes of Palo Alto, new WPA director for San Mateo, Santa Clara and Santa Cruz counties.

Hawes, who was moved to the directorate of this ninth district, with headquarters in San Jose, came from Alameda county, where he was assistant administrator.

He was senior assistant engineer under the CWA with headquarters in San Francisco and upon the expiration of CWA was made an SERA administrator. Hawes has been a resident of Palo Alto for more than 10 years.

With the changing over from the SERA works division program to the WPA, Charles Prentiss, who has directed both the CWA and SERA programs, will become the planning engineer under Hawes, it was indicated.

Other SERA administrative staff officials may also be assimilated by the WPA.

While the work division program of SERA will definitely go out, August 15, the social service department will remain intact. Since all workers on the WPA projects must come from relief rolls, the social service department will continue to make investigations of those applying for work, Hawes explained.

There will be established a liaison officer between SERA and WPA, appointment of whom will be made within a short time.

"We shall try to effect an immediate and smooth transfer of workers from SERA to WPA so as to eliminate a loss in wages for workers," the official explained.

With a definite scale of wages already established under the new program, the budget system followed in SERA employment will be wiped out.

The new organization will have jurisdiction of all projects of $25,000 or less and occasionally it will administrate projects exceeding that amount but which must first be submitted to PWA.

"There are some exceptional projects which will come under our organization where the amount will be in excess of $25,000. Sponsors must first submit such projects to PWA and if rejected then they may be transferred to PWA," Hawes said.

Improvements Set For N. F. O. District

Many "long-range" improvements for the North Fair Oaks district are being planned by the county planning commission, Charles Meinert, a member of that body, told the North Fair Oaks Improvement Club at its last meeting.

Meinert also reviewed the congressional gathering held in San Mateo, and advised club members to plan to listen to the radio broadcasts soon to be inaugurated to tell of San Mateo county.

President Andrew Brown presided over the meeting, which was followed by a whist game at which first honors went to Miss Sheila Yager.

Picnickers Help Fight Fire in County Park

Picnickers were pressed into service Sunday afternoon at 5 o'clock to extinguish a grass fire which burned three acres near San Mateo Park. The blaze, it is believed, was started by a cigaret. The county fire department was called and while Driver Ernest Bevilockway played a stream of water on the grass, picnickers fought the flames with wet sacks. The fire was halted just as it started into the brush.

Near Woodside on the Portola road at 1 p. m. Sunday, the interior of a model T. Ford sedan was burned when a fire, which apparently started from a backfire, enveloped the inside of the car in flames. The blaze was extinguished by the Woodside department, which was called out again at 6 p. m. to extinguish a grass fire, which did no damage.

Liquor Dealers Set Meeting for Tuesday

Members of the Liquor Dealers' Association of Redwood City were advised today by H. J. Fitzgerald, secretary, that a meeting would be held Tuesday at 2 p.m. in the firehouse to discuss recent activities of federal agents who inspected premises of and accepted "compromise offers" varying from $10 to $20 from local liquor dealers for violations of United States liquor laws.

BING CROSBY DEAL HALTED, SAYS REPORT

Crooner to Postpone Atherton Estate Acquisition

Negotiations by Bing Crosby to purchase the Perry estate at Atherton, underway for some time and scheduled to have been completed and announced today, have been temporarily halted. It was reported.

The Hollywood crooner, who married the famed Dixie Lee and who now has three children, had planned to move his family to the attractive 15-acre estate, on which are a 2-story dwelling, stables and a race track. Reported price which was to have been paid for the property was $75,000.

Crosby has a number of race horses that were to have been trained on the estate, which attained fame some three years ago when the noted Phar Lap, Australian race horse brought to the United States to participate in turf events, died suddenly while there.

Mild, equable climate of this community was given as Crosby's reason for planning to bring his stables to the peninsula.

The singer had been here Tuesday to arrange final details of moving his family and retinue of servants to the place, but today it was learned he has halted negotiations, temporarily at least, for the place. The reason was not learned.

Big Ben is the bell on which the great Westminster clock in London strikes, not the clock itself.

Local Tennis Courts Lighted First Time

Redwood City now has lighted tennis courts to add to its facilities for nightly athletic entertainment.

Powerful floodlights have been installed at the public courts on Mezes' Plaza and are now available to players, City Manager E. A. Rolison announced today. Twenty-five cents, dropped in the meter at the courts, will provide light "like day" for half an hour, he said.

The poles and floodlights were installed last week, and complicated wiring of the meter box which permits lighting of either of the two courts has occupied the city electrical crew since Monday.

The city facilities for "illuminated" entertainment in the field of sport also includes the softball diamond at Hawes Park, which was completed early in the summer season. There one-quarter of an hour of lighting costs 25 cents. Night swimming goes on Tuesday and Thursday evenings in the Sequoia high school pool from 7 to 9 o'clock.

Although buried to a depth of 3 feet for 27 months, carcasses of poultry infected with tuberculosis were found still to be capable of transmitting the disease to normal birds.

MONTARA MAN DIES

MONTARA, July 22.—Following his wife in death by a month and a half, George Young, 70, was found dead in his bed at his home here Saturday. A former employe of a San Francisco newspaper, Young had lived in this vicinity for a number of years.

PRELIMINARY SET

Preliminary hearing of Concepcion Acosta, 24, on a charge of driving while intoxicated, was set for July 25 when he appeared for arraignment yesterday afternoon before Judge R. E. O'Farrell in the local police court.
